Directions

- 1 Preheat your oven to 350°F (177°C) and line a muffin tin with liners. Brush the liners with coconut oil or use silicone cups to prevent the muffins from sticking.
- 2 In your blender, combine the baby spinach, bananas, protein powder, dates, and milk. Blend until smooth, then add the eggs, oats, and baking powder. Blend again until a batter is formed.
- 3 Scoop the muffin batter into the cups. Bake for 18 to 20 minutes, or until a toothpick inserted into the middle of a muffin comes out clean.
- 4 Let cool and enjoy!

Notes

Recommended Protein Powders: As a general rule, whey protein powder works best for baking. Plant-based powders often have a more chalky or grainy texture. If using a plant-based protein powder, experiment with a smaller batch first before doubling or tripling the recipe for meal prep!

Leftovers: Store in an airtight container in the fridge for 4 days, or freeze for two months or more.

Add-Ins: After blending, stir in chocolate chips, fresh berries, walnuts, or anything else you like to add to banana muffins!
